

2022 Official Rules & Regulations

Please read carefully. Failure to comply with the rules below could result in disqualification.

2022 EVENT DESIGN

As we have learned in 2020, the look of a dance competition has been altered due to COVID19. We are prepared to structure our live events in 2022 to meet the guidelines of CDC, local, state and federal government mandates. With our success in providing safe events in 2020 and 2021 under strict guidelines, we feel confident in our ability to continue to carry forward our policies and practices in 2022 for live events.

Live Event Plan A – If there are NO CDC, local, state or federal mandates, we proceed as normal (prior to COVID19) regarding the design of the event. We will continue the safety protocols we have put into place regarding cleaning and disinfecting since COVID19. However, our event schedule may be designed as a hybrid allowing for the blocking of ages and/or performance divisions during specific events. If a studio needs a specific accommodations, please contact our office for further information.

Per CDC, local, state and/or federal government mandates requiring minimal attendance but with the allowance to hold a live event, we will revert to Plan B.

Live Event Plan B – If there ARE CDC, local, state and/or federal government mandates, we will utilize Block Scheduling of studios which will limit the number of people in the venue at any one given time. The guidelines at that time will define our abilities and limitations and each Studio Owner/Director will be notified in advance of the directives. Should we have to operate under **Plan B**.

DIVISION LEVELS

*It is up to the discretion of the Studio Director to determine the division placement of their dancers. Routines that are obviously under-placed may be elevated by the Judges or Management. All decisions are final.

*In a mixed Recreational/Intermediate/Elite group routine, at least 50% of the dancers must be from the division they are competing in. Routines that are moved to the Elite Division by Judges or Management will be exempt from this rule.

Technical Specifics & Guidelines

Intermediate Division – For dancers who take 4-8 hours of class per week and have participated in competitions for 3-5 years.

Elite Division – For dancers who take 9+ hours of class per week and have significant competition experience.

If there are 5 or more Pro/Am entries, a high score will be presented. There will be no redeemable gift certificates in this division. This division will be scored on the Elite Level Scoring system.
